## **RSM Activities - Timeline**

## Discovery

- ✓ Interviews & Observations
- ✓ Data Acquisition and RevNsight Analysis
- o Implementation of Denial Analytics
- ✓ Process mapping all workflows
- ✓ System configuration analysis

## Operational / Technical Alignment

Incomplete items are in process and on track to be completed before 6/30

- Training on model workflows
  - Registration
  - Scheduling
  - Eligibility & Authorizations
  - o HIM / Coding
  - o Billing
  - o Ins Collections
  - o Cash Posting
  - o Patient Collections
- o Training on Analytics / Reporting
- Training on all config changes impacting end user experience

- Prioritize configuration requests w/ supporting material
- Test configuration changes
- Facilitate weekly Unbilled / DNFB Task Force
- √ Facilitate weekly High Dollar Review Committee

## Transition

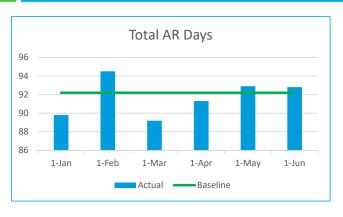

- Review all knowledge transfer documents with functional leads
- Facilitate transfer of task force and committees

## **DNFB Summary**

## **Keys to Success**

- DNFB Task Force Coordinated conversations with all departments involved in pre-bill activities
- Ongoing review of both Cerner edit failures and clearinghouse rejections
- Fixed admission source errors in collaboration with Cerner

## **Next Steps**

- Evaluate reduction of standard delay to 4 days
- Establish a Clinical Documentation Improvement program to improve charge capture, collectability and timeliness
- Optimize Cerner clinicals including PowerNotes, MPages, documentation templates, facility and clinic charge ticket, and provider shortcuts
- Optimize Cerner / 3M Integration

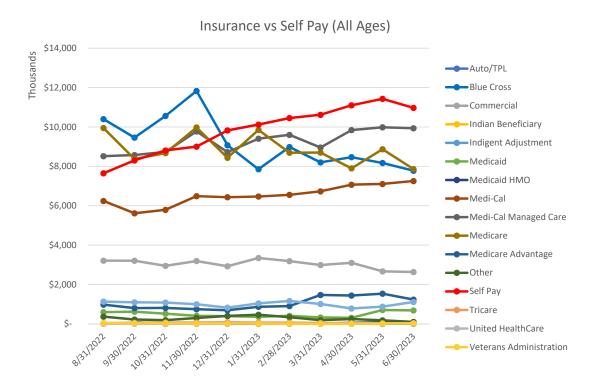

### **Barriers to Success**

- Untimely provider documentation
- Clinic leadership resistance to holding physicians accountable
- Coders are not receiving the outpatient coding edits within the embedded encoder (SR 449988579)
- Lab orders missing diagnosis

## ATB – Summary

## **Keys to Success**

- Executive commitment to driving lasting change
- High Dollar Task Force Coordinated conversations to identify obstacles and remove barriers to cash
- Vendor Inventory Reconciliation
- Itemized Bill Printing
- Med-Plan / Hauge group's ability to drive cash

### **Barriers to Success**

- Capturing accurate TAR information prior to billing
- Historical lack of transparency and accountability for AR Vendors
- Limited Self Pay resolution strategy
- Lack of consistent and coordinated denial remediation strategy

## **Next Steps**

- Monitor and measure vendor alignment to service level expectations and performance metrics
- Create productivity expectations, measure and report these weekly
- Complete setup of Med-Plan, Hauge group, and Novus as early out or bad debt vendors
- Implement Cerner Contract Management
- Two SR's have been submitted to resolve the TAR information problem
  - SR 449684150 Registration pop-up creation
  - SR 450108627 Missing TAR Work Item Creation

## **SWOT Summary**

### **Strengths**

- Strong community presence
- Significant improvements in Cerner configuration over the last 6 months
- Executive commitment to impactful and lasting changes
- Geographic advantage with closest competitor 42 miles away
- Department leaders and staff are invested in the success of the district
- Revenue cycle leaders have shown a willingness and capability to learn quickly and apply new knowledge

# 5

#### Weaknesses

- Self-Pay collections
- Staff familiarity with Cerner
- Lack of Vendor Accountability
- Remote location makes recruiting talent a challenge
- Communication between staff has not been structured to create transparency and collaboration
- Lack of a permanent experienced revenue cycle professional to accelerate change

#### **Threats**

- Cerner AMS Support has been inconsistent in their responsiveness to NIH needs. With the recent reduction in Cerner's headcount, this could exacerbate the challenge.
- Outsourcing major revenue cycle functions leaves NIH vulnerable to business problems of their vendors. If NIH cannot perform the functions in-house, it needs to be in contact with its vendors frequently (perhaps daily), and hold them accountable to their stated success metrics.
- Administrative burden of managing the outsourced vendors will require significant but necessary time and could hinder NIH ability to pivot quickly to address future roadblocks or challenges.

### **Opportunities**

- Training and Education: NIH can leverage the training materials RSM has provided to keep staff up to date on Cerner functionality and become experts in their functional area.
- DNFB/High Dollar Review Sessions: NIH can continue DNFB and High Dollar sessions in order to bring awareness to encounters causing delays and correct identified issues.
- Continue to Investigate margin improvement opportunities in length of stay reduction, social discharge planning, non-labor expense reduction, and charge capture optimization
- Evaluate options to recruit a seasoned revenue cycle leader to sustain current improvements and address future business challenges

#### AMENDMENT NO. 2 TO THE

#### NORTHERN INYO HEALTHCARE DISTRICT 401(a) RETIREMENT PLAN

#### **RECITALS**

- A. The NORTHERN INYO HEALTHCARE DISTRICT ("Employer"), adopted the NORTHERN INYO HEALTHCARE DISTRICT 401(a) RETIREMENT PLAN (the "Plan") effective as of January 1, 2013, and restated the Plan effective as of January 1, 2016.
- B. The Employer wishes to amend the Plan to revise the eligibility, vesting schedule and contributions under the Plan.
- C. The Employer hereby amends the Plan effective as of August 1, 2023 except as otherwise indicated.
- D. Section 10.1 of the Plan provides that the Employer reserves the right to amend the Plan at any time.

#### **AMENDMENT**

# NOW, THEREFORE, Employer hereby amends the NORTHERN INYO HEALTHCARE DISTRICT 401(a) RETIREMENT PLAN as follows

- 1. Section 1.6, "Compensation," of Article I, "General Definitions," is restated and amended by adding the following subsection (c) at the end of the Section to read as follows:
- (c) Subject to the foregoing provisions of this Section, "Compensation" for purposes of determining a Participant's Matching Contributions under the Plan shall mean amounts paid by the Employer as wages, shift differential, and standby pay, but excluding bonuses, overtime, premium pay, commissions, and the value of any unused and unpaid sick leave existing at the time of Severance from Employment.
- 2. Section 1.12, "Entry Date," is restated and amended to read as follows:
- 1.12 <u>Entry Date</u>. "Entry Date" shall mean the later of (i) the Employee's date of employment or (ii) the day the Employee first becomes eligible to participate in the Plan in accordance with the provisions of Section 4.1.
- 3. Article I, "General Definitions," is amended by adding the following definition at the end of the Article:
  - 1.28 <u>Matching Contributions</u>. "Matching Contributions" means those contributions made to the Plan by the Employer under Section 5.1 of the Plan.
- 4. Section 4.1, "Eligibility," of Article IV, Eligibility and Participation," is restated and amended to read as follows:

- 4.1 <u>Eligibility</u>. Each Employee, who has attained the age of 21 and who is not eligible to participate in the Employer's defined benefit plan, shall become eligible to participate in the Plan.
- 5. Section 5.1, "Employer Contributions," is restated and amended to read as follows
  - 5.1 Employer Matching Contributions.
    - (a) As of each payroll period, the Employer shall make a Matching Contribution to the Plan on behalf of each Employee who is eligible to participate in this Plan under Section 4.1 of the Plan. Matching Contributions shall be allocated to the Participant's Account.
    - (b). Subject to Section 5.1(d), below, the Employer has determined that the Employer Matching Contribution shall equal one hundred percent (100%) of the amount deferred by each Participant to the Northern Inyo Hospital 457(b) Plan for each payroll period up to three and one-half percent (3.5%) of the Participant's Compensation for such payroll period.
    - (c). Matching Contributions shall be made with respect to catch-up contributions under the Age 50 Catch-Up Contributions and the Special NRA Catch-Up Contributions provisions of the Northern Inyo Hospital 457(b) Plan.
    - (d). If for any Plan Year Matching Contributions are allocated on a basis that is more frequent than annually, and if on the last day of any such Plan Year, the dollar amount of any such Matching Contributions made on behalf of a Participant is less than the dollar amount that would have been made if Matching Contributions for that Plan Year had been contributed on an annual basis only, then the Employer will for such Plan Year make additional Matching Contributions in order to make the amount contributed on behalf of a Participant for the full Plan Year equal to the amount that would have been contributed for the Participant if the Matching Contributions for that Plan Year had been contributed on an annual basis.
    - (e) For purposes of the 2023 Plan Year, Matching Contributions will be allocated in accordance with Section 5.1(d) based on amounts deferred to the Northern Inyo Hospital 457(b) Plan for the period from August 1, 2023 to December 31, 2023.
    - (f) The Plan shall continue to be designed to qualify as a profit-sharing plan for purposes of Sections 401(a) and 402 of the Code.
- 6. Section 7.2, "Vesting Schedule," is amended by adding the following at the end to read as follows:

For each Employee eligible to participate in the Plan on or after August 1, 2023, the Employee shall have a nonforfeitable and vested right to his or her Account for each Year of Service completed while an Employee of the Employer, in accordance with the following schedule:

Completed Years of Service	Nonforfeitable Percentage
1 2 3 4 5	20% 40% 60% 80%
	100% et prior to this Amendment No. 2 shall remain

Title: DI CT Radiation Safety Policy					
Owner: DIRECTOR OF DIAG	NOSTIC	Department: Diagnostic Imaging			
SERVICES					
Scope: Radiology Technologist					
Date Last Modified:	Last Review D	ate: No	Version: 4		
03/22/2023 Review Date					
Final Approval by: NIHD Boar	d of Directors	Original Approval Date: 03/17/2016			

**PURPOSE:** To establish and maintain safe practice at all times in our CT department.

**POLICY:** Computed tomography will be performed by appropriately licensed and trained technologists in accordance with the As Low As Reasonably Achievable (ALARA) program, and Image Gently ® /Image Wisely ® training.

- 1. All technologists operating the CT scanner will meet the requirements as determined by CMS, ACR, and The Joint Commission.
- 2. All technologists operating the CT scanner shall have a thorough understanding of the CT radiation dose, including dose index and "optimal" dose index ranges.
- 3. Staff involved with CT imaging procedures will be issued radiation monitoring occupational exposure badges. The badge readings will be reviewed by the Radiation Safety Officer. Any readings that are deemed excessive will be addressed by the Radiation Safety Officer directly to the staff member.
- 4. Public access to the CT suite is restricted. Appropriate signs are posted when radiation is in use.
- 5. Pediatric specific protocols that have been established based on patient age and/or weight will be utilized whenever possible and kept on file on the unit console.
- 6. All staff will comply with published ALARA recommendations.
- 7. All staff will make every effort to conform to Image Gently ® /Image Wisely ® standards.
- 8. A remotely operated flow-rate injector will be utilized for all intravenous contrast injections.
- 9. All standards set forth by the Occupational Safety and Health Administration and the Joint Commission will be followed.
- 10. Dose reduction (optimization) techniques will be utilized whenever possible. The radiation dose will be set at the lowest values possible while still maintaining appropriate diagnostic imaging quality.
- 11. Modifications which will increase patient dose will not be made to physicist-approved default protocols without review by the facility's physicist.
- 12. Documentation will be made of any changes to the default permanent protocols to include details of the protocol change (technical parameters and the rationale for the change. Any adverse effect on patient dose shall trigger a review by the facility's physicist.
- 13. Deviations from approved procedures require approval of the ordering physician or radiologist. Protocol deviations may be given by verbal order, but require a physician signature within 48 hours.

#### NORTHERN INYO HEALTHCARE DISTRICT CLINICAL POLICY AND PROCEDURE

Title: Nursing Bedside Swallow Screen					
Owner: Manager ICU and Acute-Subacute Department: Acute/Subacute Unit					
Scope: ICU and Acute/Subacute RNs					
Date Last Modified: 04/28/2023	Last Review Date	: No Review	Version: 4		
	Date				
Final Approval by: NIHD Board of Directors		Original Approval Date: 05/19/2021			

**PURPOSE:** To establish a standard protocol for a safe and objective screen of swallowing disorders prior to referral to Speech-Language Pathology Services and to establish guidelines for the use of oral care strategies in individuals with suspected aspiration or dysphagia. Swallowing screens are pass/fail and used to identify individuals who require a comprehensive assessment of swallowing by a Speech-Language Pathologist. A systematic formal dysphagia screening and aggressive oral care can decrease the risk of aspiration pneumonia in hospitals.

#### **POLICY:**

- 1. **Statement:** Northern Inyo Healthcare District (NIHD) is committed to providing safe quality care for its patients. This includes utilizing an appropriate and objective protocol when screening patients with suspected dysphagia.
- 2. **Application:** This policy applies to RNs and Speech-Language Pathologists (SLPs) working in the acute inpatient units.

#### **PROCEDURE:**

- 1. Patients who are appropriate for a dysphagia screening include:
  - a. Individuals with suspected dysphagia
  - b. Individuals who have had a stroke
  - c. Individuals with suspected aspiration

#### 2. Exclusion criteria:

- a. No concern for aspiration risk
- b. Unable to remain alert for testing
- c. Eating a modified diet (thickened liquids) due to pre-existing dysphagia
- d. Existing enteral tube feeding via stomach or nose
- e. Head-of-bed restrictions < 30°
- f. Tracheostomy tube present
- g. If the patient's clinical status changes resulting in a new risk for aspiration, the dysphagia screening must be re-administered before oral alimentation or medications are ordered.

- 3. **Administration:** If patient is deemed an aspiration risk and all exclusion criteria has been ruled out, proceed with the Nursing Dysphagia Screening found in Cerner under AdHoc forms. Select "Nursing Dysphagia Screen" in the Assessments folder.
  - a. Brief Cognitive Screen:
    - i. What is your name? Where are you right now? What year is it?
  - b. Oral-Mechanism Examination:
    - i. Assess face, tongue, and palate for asymmetry or weakness.
    - ii. Assess gag reflex
    - iii. Assess secretion management
  - c. Perform water swallow challenge:
    - i. Sit patient upright at 80-90° (or as high as tolerated >30°). Ask patient to drink two sips of water from a cup or with a straw, in sequential swallows, and slow and steady. (Note: Cup or straw can be held by clinician or patient.) Assess patient for interrupted drinking and coughing or choking during or immediately after completion of drinking and for up to 1 minute. Any coughing, choking, drooling, or gurgling are an automatic fail.

#### 4. If patient fails

- i. Notify MD and generate Speech-Language Pathology Swallow Evaluation at MD's discretion.
- ii. Screening may be re-administered after 24 hours or sooner if change in status has occurred
- iii. Oral care must be implemented based on the oral care procedures outlined in Lippincott.

#### 5. **Documentation**

a. Document in Cerner on the form "Nursing Dysphagia Screen"

#### 6. Dysphagia Screening in the Emergency Department

- a. All "Code Stroke" patients in the ED will receive a bedside dysphagia screen by the ED RN.
- b. Other ED patients will receive dysphagia screen upon physician request.
- c. The ED dysphagia screen is "Pass" or "Fail" assessment as follows:
  - i. **Step 1:** Patient must demonstrate:
    - 0. Wakefulness: Alert
    - 1. Unlabored breathing
    - 2. Upright posture (sit at 90 degrees)
    - 3. Clean mouth: provide oral care if needed
    - 4. STOP if "NO" to any of the above and keep the patient NPO
  - ii. **Step 2:** Complete in order as listed (as seen in Cerner)
    - 0. Normal tongue movement
    - 1. Volitional cough (able to cough on command)
    - 2. Good vocal quality
    - 3. Normal pharyngeal sensation
    - 4. Able to swallow water without coughing

#### iii. **Step 3**:

- 0. If "Yes" to all the above <u>and swallows water without coughing</u>, okay to proceed with PO intake.
- 1. If "No" to any of the above, patient will be NPO.

CALL TO ORDER

The meeting was called to order at 5:30 p.m. by Mary Mae Kilpatrick, Northern Inyo Healthcare District (NIHD) Board Chair.

**PRESENT** 

Mary Mae Kilpatrick, Chair Melissa Best-Baker, Vice Chair

Jean Turner, Secretary Ted Gardner, Treasurer

Jody Veenker, Member-at-Large

Stephen DelRossi, MSA, Interim Chief Executive Officer / Chief

Financial Officer

Allison Partridge RN, MSN, Chief Nursing Officer / Chief Operations

Officer

Stefan Schunk, MD, Chief Medical Officer

OPPORTUNITY FOR PUBLIC COMMENT

Chair Kilpatrick reported that at this time, members of the audience may speak on any items not on the agenda on any matter within the jurisdiction of the District Board. Public comments shall be received at the beginning of the meeting and are limited to three minutes per speaker, with a total time limit of thirty minutes for all public comment unless otherwise modified by the Chair. The general Public Comment portion of the meeting allows the public to address any item within the jurisdiction of the Board of Directors on matters not appearing on the agenda. Public comments on agenda items should be made at the time each item is considered. No comments were heard from the public.

NEW BUSINESS AD HOC COMMITTEE REPORTS

Chair Kilpatrick called attention to Ad Hoc Committee reports.

Jean Turner reported the Governance Committee is working on policy review and will start brining policies to the Board for approval next month.

CHIEF EXECUTIVE OFFICER REPORT

Chair Kilpatrick introduced the Chief Executive Officer Report. Interim CEO Stephen DelRossi provided updates on the following items:

- Anesthesia/Drager Machine: The anesthesia machines were not operating properly. The OR was down for a week, with a contingency plan in place for emergency surgeries, while loaner machines were investigated and acquired. Staff is currently evaluating machines to purchase. The most likely choice will be Perseus machines (3) from Drager on a lease to own basis.
- Legislation: Two State Senate Bills that will have an impact on the hospital are SB 525 and SB 1334. SB 525 would raise minimum wage to \$21.00/hour starting in June 2024. SB 1334 requires public employers to offer breaks as outlined in the bill. Failure to offer breaks will result in penalties.

- Labor: Staff is looking at various staffing models for anesthesia.
- Accountable Care Organization (ACO): Staff is researching ACOs.
   When an ACO succeeds in delivering high-quality care and spending health care dollars more wisely, it shares the savings it achieves for the Medicare program.

## CHIEF FINANCIAL OFFICER REPORT

Chair Kilpatrick introduced the Chief Financial Officer report.

## FINANCIAL & STATISTICAL REPORTS

CFO DelRossi reviewed the financial and statistical reports. Discussion ensued regarding inflation and increased operating costs. Stephen DelRossi reported the first quarter of 2023 saw the highest number of bond defaults in over a decade with rural hospitals being the most affected.

It was motioned by Jody Veenker to approve the financial and statistical reports, seconded by Melissa Best-Baker and the motion passed 5-0.

#### **RSM UPDATE**

Chair Kilpatrick called attention to RSM Update. Stephen DelRossi introduced Colin Biggs who reported RSM is entering the final month of engagement. They are transitioning knowledge and leadership to NIH staff.

#### TAG UPDATE

CFO DelRossi reported TAG has moved to a bi-weekly meeting process to allow more time to work on problems and implement actions. They are working to understand what the district looks like with new plans implemented, then they will start to look for more opportunities.

#### PMA BUILDING UPDATE/ THERAPY REHAB

Chair Kilpatrick called attention to the PMA Building update. Stephen DelRossi provided an update on the timeline for Internal Medicine to move to RHC and the Surgery Clinic to move into the PMA building. He reviewed the construction required to prepare the PMA building.

Jean Turner motioned to approve up to \$280,000 to support the build out of the PMA building, Ted Gardner seconded, and the motion passed 5-0.

#### CHIEF OF STAFF REPORT

Chair Kilpatrick introduced Dr. Bourne who provided the Chief of Staff report.

## POLICIES AND PROCEDURES

Dr. Bourne provided an overview of the policies and procedures for approval.

- a. Emergency Management Plan
- b. Medical Staff Department Policy Pediatrics
- c. Plan for the Provision of Nursing Care
- d. Trophon® Environmental Probe Repressor (EPR)

Jody Veenker motioned to approve the policies as written, Melissa Best-Baker seconded, and the motion passed 5-0.

Re: Bi-Monthly CMO report

#### **Medical Staff Department update**

Ongoing projects include:

- Telestroke/Teleneurology service with Sevaro is underway. We have had 48 case contacts in May and June. Early feedback is very positive from providers, staff and patients.
- Reviewing virtual Scribe service for more efficient offerings.
- Dr Rowan (Cardiology) to offer outpatient on-site clinic to start once monthly (in negotiations).

#### Physician Recruitment update:

- Continue to actively recruit for Pediatrics and Anesthesia.
- New ED physician starts: Cali Kirkham 7/1/2023, Scott Kobner 7/14/2023 and Amy Do 8/1/2023.
- New provider starts: Elizabeth Haun (RHC NP) 7/17/2023, Clayton Davis (Urology) 8/1/2023, Connor Wiles (General Surgery) 8/14/2023, James Tur (Hospital Medicine) 9/8/2023.

#### **Quality Department update**

- 2022 QIP data submitted met with initially favorable review. Final audit (determining compensation) is August 2023. Three metrics last year (\$750,000/metric) but anticipating approximately \$1.3 million total QIP payout plus metrics; anticipate twelve metrics for 2023.
- Investigate ACO (Affordable Care Organizations) options.
- Investigate Patient Safety education ideas to raise institutional awareness.

#### **Dietary Department**

Our full time Registered Dietician has returned performing all her usual duties. Part-time per diem RD currently posted. Please welcome Chris Gaskill as our new Nutrition Manager.

#### **Rehab Department**

- We recently hired a new Physical Therapist for inpatient and outpatient work.
- Temporary Speech-Language Pathologist ("Speech Therapist") has been hired which has been an integral part of the Tele-stroke service.

#### **Infection Prevention**

• The Infection Prevention team is preparing for the CDPH annual validation survey for HAI (Hospital Acquired Infections) in the upcoming months.

#### **Transitions**

A very capable Adam Hawkins MD will assume this position on August 1<sup>st</sup>. Together with Dr Engblade, we have fashioned a smooth transition process which we hope will benefit the district in the future. Dr Hawkins has been introduced to discussions and planning so that his familiarity with the issues will allow him to "hit the ground running"!

I will to return to Hospital Medicine work and plan to be engaged in district discussions to improve efficiencies. The CMO role has provided me a unique insight into the organization. It has been a brief but fascinating trip getting to know the contributors. We have a group of leaders and managers who care about how this hospital performs and how it is perceived. I am proud to have been part of that team for these past few months.

- 1. **Audits** A wide variety of audits in the Compliance Program review for privacy concerns, language access issues, fraud, waste, and abuse.
- 2. **Security Risk Assessment** District HIPAA (Health Insurance Portability and Accountability Act) Security Risk Assessment for 2023 is due to be completed by Compliance and IT Security in November 2023.
- 3. **SAFER** Office of National Coordinator of Health Information Technology SAFER ((Safety Assurance Factors for EHR (Electronic Health Record) Resilience)) was completed. Cooperative process between Quality, IT, Informatics, and Compliance.
- 4. **Compliance Workplan** The Compliance Workplan is updated annually, and as needed, to adjust the focus of certain audits, in alignment with the Office of Inspector General (of the Department of Health and Human Services) and our local Medicare Administrative Contractor (MAC), Noridian priorities.
- 5. **Conflicts of Interest** This important component of the Compliance Program ensures that no parties use or conduct District business for personal financial gain.
- 6. **Privacy Investigations** Privacy investigations can arise due to complaints, access audits, HIMS audits, and anonymous reporting.
- 7. **Other Investigations** Other compliance related investigations are conducted to avoid regulatory non-compliance, investigate regulatory compliance, and respond to regulatory agency inquiries and investigations.
- 8. **Compliance Committees** This section provides a brief overview of the work of the Compliance committees and sub-committees.
- 9. **Issues and Inquiries** The compliance team researches numerous questions, concerns and regulatory issues to allow other NIHD team members to take a proactive approach.
- 10. **CPRA Requests** The Compliance Officer is responsible for intake and review of public records requests, and research, investigation, redaction and fulfillment of those requests.

150 Pioneer Lane Bishop, CA 93514 (760) 873-5811 www.nih.org

- 11.**Policy Management Software** The Compliance Team currently manages the software, user configuration, policy tracking for approvals, education and support for District leadership.
- 12. Contract Management The Compliance Team is currently implementing contract lifecycle management software. Compliance currently reviews all contracts except those used in the Purchasing procurement process. The Compliance team manages the software, user configuration, and tracking of documents.
- 13. Unusual Occurrence Reports The Compliance Team currently processes and tracks all unusual occurrence reports for the District. Compliance provides the quality data to leadership and teams for monitoring and trending. Compliance manages the software, reporting, user configuration and resolution of all UORs.
- 14. Language Access Services The Compliance team now facilitates translation of documents, language services concerns, and Language Access Policies.

#### 1. Audits

- A. <u>Employee Access Audits</u> The Compliance Department Analyst, Conor Vaughan, completes audits for access of patient information systems to ensure employees access records only on a work-related, need-to-know, and minimum necessary basis.
  - i. Cerner semi-automated auditing software tracks all workforce interactions and provides a summary dashboard for the compliance team. The dashboard provides "flags" for unusual activity. Flags require further investigation and review by the Compliance Team.
  - ii. The following is Q3 CY2023 activity
    - a. New Employee Audits: 28
      - I. Flags: 1
      - II. Flags resulting in policy violations: 0
    - b. For Cause Audits: 56
      - I. Flags: 2
      - II. Flags resulting in policy violations: 1
    - c. In "own" chart flags: 10
      - I. Flags resulting in policy violations: 10
        - i. Provided education and training: 10
        - ii. Repeat violations: 0

150 Pioneer Lane Bishop, CA 93514 (760) 873-5811 www.nih.org

- d. Same Last Name Search Flags: 300
  - I. Resulted in follow up with employee: 9
  - II. Flags resulting in policy violations: 0

## B. Business Associates Agreements (BAA) audit

- i. Business Associates are vendors who access, transmit, receive, disclose, use, or store protected health information to provide business services to the District. These vendors range from our billing and coding companies to companies that provide medical equipment that transmits protected health information to the electronic health record. The Business Associates Agreements assure NIHD that the vendor meets the strict governmental regulations regarding how to handle, transmit, and store protected information to protect NIHD and NIHD patient information.
- ii. NIHD currently has approximately 75 active BAAs.
  - a. 3 were completed this quarter
  - b. Several BAAs do not show in Evisort dashboard, as the contract and BAA are currently scanned as one document

# C. Contract and Agreement reviews/audit

- i. Contracts and agreements are in the following status for CY 23:
  - a. ~127 contracts were reviewed and executed
  - b. ~8 contracts are in the review process
  - c.  $\sim$ 13 are on hold
  - d. ~25 existing contracts are also in the review process
  - e. 8 agreements have been terminated
  - f. 19 agreement terminations in progress
- ii. Audit of Cerner contract and OPT (changes/additional purchases)
  - a. Review of all contracts/addenda
  - b. Review of all paid invoices
  - c. Reconciliation of charges from Cerner
  - d. To be completed by July 31, 2023

# D. HIMs (Health Information Management) scanning audit

- i. Have not received HIM audit info from UASI or OS at this time.
- E. Email security audit/reviews
  - i. Reviewed at least once a month
  - ii. Review email security systems for violations of data loss prevention rules

150 Pioneer Lane Bishop, CA 93514 (760) 873-5811 www.nih.org

- a. Typically results in reminder emails to use email encryption sent to members of workforce.
- b. Occasionally results in full investigations of potential privacy violations.

## F. Language Access Services Audit

i. Language access EHR audits are scheduled for quarter 3 of CY 2023. This is a review of the documentation for Limited English Proficiency (LEP) patients' documentation, to ensure they are getting proper language assistance for their healthcare access and documents.

## G. 340B program audits

- i. The 340B drug program is designed to provide rural and underserved communities access to discount drug prices, allowing the facility to save several hundred thousand dollars annually. Those funds are used by the District to improve services provided to the community.
- ii. Annual 340B audit has been completed by SpendMend (formerly TurnKey)
  - a. Several observations for minor tweaks/improvements to the program.
  - b. Commendation from the auditing firm for the NIHD teams engagement and "excellent job with 340B oversight"
  - c. All sample audits met status and eligibility requirement, however, one small issue with out-of-state Medicaid was identified and corrected.
  - d. The Compliance Department recognizes Becky Wanamaker and Jeff Kneip for their excellent work on this program.

# H. Narcotic Administration/Reconciliation Audit

- i. Working in conjunction with Pharmacy to review narcotic administration.
- ii. One "for-cause" audit completed (January 2023)
- I. <u>Vendor Diversity Audit</u> NIHD has approximately 1370 vendors.
  - i. Health and Safety Code Section 1339.85-1339.87 required the Department of Health Care Access and Information (HCAI, formerly OSHPD) to develop and administer a program to collect hospital supplier diversity reports, including certified diverse vendors in the following categories: minority-owned, women-owned, lesbian/gay/bisexual/transgender-owned, and disabled veteran-owned businesses.
  - ii. NIHD has completed reporting to HCAI for vendor diversity. It was completed in early June 2023, well ahead of the July 1, 2023 due date.

150 Pioneer Lane Bishop, CA 93514 (760) 873-5811 www.nih.org

a. NIHD has 0% spend with certified diverse vendors.

## J. Provider Verifications

- i. More than 295 providers were verified and were checked for state and federal exclusions in the first two quarters of calendar year 2023
- ii. No exclusions were found for verified providers.
- iii. NIHD may not bill for referrals for designated health services from excluded providers. Billing for referrals from excluded providers could put NIHD at risk for false claims.

## K. Claim/Charge Audits, completed in Q1 CY 2023

- i. None completed at this time
  - a. Scheduled CV vaccine/administration charges audit for July 2023.
- 2. HIPAA Security Risk Assessment (SRA) Completed November 2022
  - A. This is a mandatory risk assessment under the jurisdiction of the HHS OIG
  - B. Penetration Testing is underway as of June 2023 with IT (Information Technology) Security.
  - C. Internal pre-penetration testing has been completed by NIHD security.
- **3. Office of National Coordinator of Health Information Technology SAFER Audit** ((Safety Assurance Factors for EHR (Electronic Health Record) Resilience)) has been completed for CY 2022.
- 4. Compliance Work Plan Updated July 2023, see attached
- 5. Conflicts of Interest
  - A. The Compliance department has not distributed Conflict of Interest forms to the NIHD team for 2023 yet this year.
  - B. The Compliance department emailed the NIHD workforce the 2022 Conflicts of Interest (COI) form.
    - i. Compliance is processing COI forms received and will notify the Business Compliance Team when ready to schedule a meeting to review the forms.
  - C. No COI forms submitted to the compliance department noted any knowledge or concern for the following:
    - i. Business transactions with an aim for personal gain.
    - ii. Gifts, loans, tips, or discounts to create real or perceived obligations.
    - iii. Use of NIHD resources for purposes other than NIHD business, NIHD sponsored business activities, or activities allowed by policy.

150 Pioneer Lane Bishop, CA 93514 (760) 873-5811 www.nih.org

- iv. Bribes, kickbacks, or rewards with the intent to interfere with NIHD business or workforce.
- v. Use of NIHD money, goods, or services to influence government employees, or for special consideration or political contribution.
- vi. False or misleading accounting practices or improper documentation of assets, liabilities, or financial transactions.
- D. Current Interim CEO and Permanent CFO
  - i. Management plan in place with Controller to ensure segregation of duties for financial transfers and processes

## 6. Privacy Investigations

- A. Privacy investigations/potential breaches between January 1, 2023 June 30, 2023, total 21
  - i. Reported to CDPH/OCR 6
    - a. CPDH substantiated breach, with no deficiencies 2 cases
    - b. One reported potential breach unsubstantiated by CDPH
    - c. 3 still waiting for CDPH to investigate
    - d. One breach for 2022 is currently being investigated by CDPH
  - ii. Investigations still active in the Compliance Department for Q1 and 2-0
  - iii. Investigations closed by the Compliance Department with no reporting required 15
- B. Privacy investigations/potential breaches outstanding with CDPH
  - i. Privacy investigations from 2022
    - a. Reported to CDPH/OCR -6
    - b. One <u>currently</u> under investigation by CDPH
    - c. Four potential breaches in submitted/in progress status with CDPH
  - ii. Privacy investigations from 2021
    - a. Reported to CDPH/OCR 2021-4
    - b. Two potential breaches are in submitted status with CDPH
  - iii. Privacy investigations from 2020 (outstanding with regulatory agency)
    - a. Reported to CDPH/OCR 2020
    - b. Eight (8) potential breaches have no CDPH determination at this time.
  - iv. Privacy investigations from 2019 (outstanding with regulatory agency)
    - a. Reported to CDPH/OCR 2019
      - I. One (1) potential breach has no CDPH determination at this time.

150 Pioneer Lane Bishop, CA 93514 (760) 873-5811 www.nih.org

## 7. Investigations

- A. Compliance has conducted or assisted with twenty-three (23) investigations/reviews that were not related to privacy/breach allegations thus far in 2023 including the following:
  - i. California Occupational Safety and Health (January 2023)
    - a. One complaint alleged regarding training on location of Personal Protective Equipment (PPE) and providing time to don PPE
    - b. Response sent by Compliance Officer timely, with no further follow up requests from Cal DOSH.
  - ii. California Department of Justice, Office of Attorney General (March 2023)
    - a. One consumer complaint regarding NIHD RHC Car Clinic.
    - b. Response sent by Compliance Officer timely, with no further follow up requests from DOJ.
  - iii. California Department of Public Health
    - a. Review of District reorganization
    - b. Response sent timely by Chief Nursing Officer, with no further follow up requests from CDPH
  - iv. Inyo County District Attorney
    - a. Review of documentation between 2018-2020
    - b. Response discussion. No further follow up requests from District Attorney.

# 8. Compliance Committees

- A. Compliance and Business Ethics Committee (CBEC)
  - i. Meeting held in March 17, 2023
  - ii. Quarter 2 meeting cancelled due to scheduling issues.
- B. Billing and Coding Compliance Committee (BCCC) reports to the CBEC committee.
  - i. This group reviews billing/coding issues, chargemaster changes, and policies that affect billing/coding/accounting. This subcommittee is chaired by the Compliance Officer and meets bi-weekly.
- C. Business Compliance Team (BCT) reports to the CBEC Committee.
  - i. This group reviews all Conflict of Interest questionnaires with potential conflicts to determine the appropriate and consistent method to address the

150 Pioneer Lane Bishop, CA 93514 (760) 873-5811 www.nih.org

conflict. This subcommittee is chaired by the Compliance Officer and meets on an ad hoc basis. This team has not met in 2023 as of 6/30/2023.

#### D. Forms Committee

- i. NIHD develops forms in compliance with our Forms Control Policy. Forms are branded with NIHD logos. There are standardized templates, designated fonts, official translations, and mandatory non-discrimination and language access information.
- ii. All forms and public information documents used at the District for patient care, regulatory requirements, orders, down-time documentation, standardized workflows, and process improvement are submitted to the Forms Committee. Once approved they are maintained in a location on the NIHD Intranet (a quick link named "Approved Forms") for access by NIHD workforce.
- iii. The team will begin requesting postings and signage to be approved through the Forms Committee, as there is problem with "signage fatigue," inconsistency, failure to meet Affordable Care Act Section 1557 standards, failure to use consistent District branding, and failure to obtain appropriate translations.
- iv. We have added Barbara Laughon to this committee to ensure her review and approval of all signage and postings, other than those posters legally required by employment law.
- v. <u>District reorganization has slowed the Forms development and approval</u> process.

## 9. Issues and Inquiries

- A. Compliance has researched around 85 issues for the District in the first quarter of 2023. They include minor privacy regulations, billing issues, sentinel event reporting, Substance Abuse and Mental Health Services Administration (SAMHSA) regulations, confidentiality issues, release of information and information blocking regulations, regulatory updates, mandatory reporting, and many other areas of interest and concern.
  - i. Ambulance Restocking research in progress. Will most likely need a fair market value agreement with ambulance company.
  - ii. Cannabis All Facilities Letter research in progress. 2 California laws in conflict
  - iii. SAMHSA confidential Part II records, storage, and redaction.

150 Pioneer Lane Bishop, CA 93514 (760) 873-5811 www.nih.org

- iv. Urine Toxicology for Pregnant patients
- v. Updates to Notice of Privacy Practices and Conditions of Admissions
- vi. Updates to Language Access Policies
- vii. Update all Notice of Non Discrimination and postings
- B. Compliance will ensure follow up on any external Financial Audit deficiencies and corrective action plans, and monitoring processes are presented to the Board regularly until monitoring documents resolution with sustainability.

## 10. CPRA (California Public Records Act) Requests

- A. Compliance has received nine (12) CPRA requests in through July 1, 2023.
  - i. All are completed.

## 11. Policy Management software and upkeep

- A. Proper policies and policy management is a large component of an effective Compliance Program.
- B. Katie Manuelito maintains users manually and works with leadership teams to ensure all NIHD employees have correct policies assigned based on job title.

# 12. Implementation of Contract Lifecycle Management Software

- A. Evisort Contract Lifecycle Management Software
  - i. Implementation nearly complete
  - ii. We have uploaded 1176 documents
    - a. We now have 1075 agreements in Evisort
      - I. We are in the process of "cleaning up" documents. There are documents (invoices, certificates of liability, etc.) that are in the system but need to be moved to supporting documents.
    - b. We have created workflows that will allow District leaders to submit new contracts in the software. This will also allow NIHD to move to an electric signature process for our teams and vendors.
  - iii. See attached dashboard documents these are from the initial intake information generated by the "artificial intelligence" reading of the documents. We have some clean-up work to do, however, we already have more information on our contracts than ever in the history of NIHD. This is overview information, designed to display on screen. Every data point in the graphs allows the user to "click" on it to drill into the exact contracts represented.

150 Pioneer Lane Bishop, CA 93514 (760) 873-5811 www.nih.org

- iv. We have a few more weeks of system building before rolling out leadership training for the system. All department leaders will have access to the contracts they need for the operations of their areas.
- v. All contracts will be connected to a "cost center," which will ensure review of all contracts by department and cost center during budgeting time. It will also allow the Budget Analyst to pull all info by cost center.
- vi. The ability to manage contracts instead of storing contracts will save the District tens of thousands of dollars annually, by ease of access to termination terms, monitoring of renewal/non-renewal terms, and proactive monitoring and notification for upcoming renewals/expirations.

## **13.**Unusual Occurrence Reports (UOR)

- A. UOR quality report data for January 1, 2023 through June 30, 2023, see attached
  - i. Notable trends out of 274 UORs received in Q1 and 2 CY 2023:
    - a. UORs regarding complaints and requests to review billing and care continue to be the highest volume,
    - b. Specimen issues are the second highest volume in UORs
    - c. June saw a marked decrease in UORs from prior months of 2023.
    - d. 12 UORs have resulted in systemic changes in 2023.
- B. The UOR process involves significant work and time from the Compliance team.
  - i. All UORs in Complytrack are currently received by the Patty Dickson and Conor Vaughan.
    - a. Many patient complaint and concern phone calls are transferred to the Compliance team for intake and assistance.
    - b. The Compliance team typically provides response letters for the patient complaints, although the CMO assists on specific clinical matters.
  - ii. UORs are triaged and assigned to appropriate department leaders for review. Emails and phone calls are placed to leaders for urgent UORs.
  - iii. We review replies, ensure thorough responses and corrective actions, provide follow up letters to patients, and ensure the executive team is aware of all areas of concern.
  - iv. The Compliance Officer follows up with leaders who are having difficulty with timely responses and attempts to assist them with resolution.
  - v. The Compliance team ensures UORs are closed after thorough review, corrective actions and, in most cases, resolution.

150 Pioneer Lane Bishop, CA 93514 (760) 873-5811 www.nih.org

## 14.Language Access Services

- A. Translation (written word) services may be requested using a form on the intranet. Completion of this form sends a request to the Compliance Department, who then seeks translation from a third party vendor.
  - i. 8 documents have been sent for external translation since April 2023
- B. Interpretive (spoken word) services are provided via telephone and video interpreting units from third parties, CyraCom and Language Line.
- C. Language Access policies are in the process of being updated to accommodate changes during the reorganization of the District.
- D. Language Access regulations are enforced by the HHS (US Department of Health and Human Services) Office of Civil Rights.

RE:

Department Update

### REPORT DETAIL

HR Leadership: Daily support for onboarding, staff development, recruitment, and benefits. Continued work on JD update project, collaborating with department leaders to review scope, duties and best practice for each role. We will have strong focus on updating all JD's within the District into a new format, streamlining naming conventions and assuring duties align. Working through District wide changes through the Turnaround Action Group (TAG). HR has had a 3 FTE reduction this fiscal year so the team is successfully working together to take on the additional work of the FTE reduction that that department has seen. Beginning transition of performance evaluations to point of time instead of at anniversary date, believe this will help achieve compliance and improve the process for employees and leaders. Partnership with accounting for the implementation of SB1334. Continued support of remaining MOU implementation including pay increases, payroll changes, and benefit and retirement plan changes.

HR Assistant: Daily support for new hire onboarding and orientation during first week at the District. Creating workflows in partnership with Recruitment, HR Manager and Staff Development Specialist to improve the onboarding experience of new workforce members, this is ongoing as we work to improve new hire experiences. Ownership and continued improvement of the monthly birthday and employee of the month celebrations, in partnership with Quality, have included the new Good Catch award starting July 2023. Completed I9 audit for compliance with regulatory requirements. Ongoing oversite of ADP personnel file clean up, developed naming conventions and file paths for ease of file navigation. In partnership with HR, team members began survey readiness audits. Processing annual pay increases as well as supporting MOU 2023 increases and changes.

**Recruitment:** Have quickly become known for services provided regarding community outreach for housing options for new hires and travelers within our area. Regular meetings and

communication with department leaders to improve recruitment and allowed for the streamlining of process with very clear guidelines. Completing onboarding background checks, communications and workflows in partnership with HR Assistant and Staff Development Specialist. Completed audit for ADP recruitment and updated within system. Recruited permanent RN positions reducing the contract labor. Began process of transitioning our contract labor to be under our GPO partners, HealthTrust. In partnership with HR, team members began survey readiness audits.

Benefits/LOA: Continue to see increase in LOA requests, processing weekly requests for personal medical and family medical needs. Monthly invoicing and billing for benefits, reviewing for accuracy, and following up as needed with concerns, and questions. Tracking of COVID leaves, providing notices as necessary and submitting to Worker's Compensation (WC) as applicable per state requirements. On-going employee support for leave and benefits questions, including processing new hire benefit enrollments each orientation. Implementation of retirement changes, answering questions and providing guidance to employees on enrolling in Empower 457. Heavy emphasis on reviewing all WC claims and partnering with BETA to find ways to receive savings on our WC insurance including Workplace Violence (WPV) and Safety initiatives.

HR/Staff Development: Ongoing certification tracking and compliance have completed audit for license and certifications as required by position. Supporting HR survey readiness audits in partnership with HR Assistant, HR Leadership and HR Recruitment. Continued coordination of orientation week, Zoom Orientation, Workplace Violence, Skills Lab, Safe Patient Handling and Cyber Security. Launch of WPV training District-wide for all staff. Ongoing Relias compliance and support.

**Labor Relations:** Continued partnership with the union to work through any issues that may arise. Employee previously in this position has moved to a new role within the District and there is no backfill in this position.

### REPORT DETAIL

### **FOUNDATION**

At the May board meeting, it was approved to reimburse the District \$600 for the new CAREshuttle's decal installation. June's board meeting was cancelled due to a lack of action items.

### **GRANT WRITING**

In May the three year syringe services grant through the CA Harm Reduction Institute (CHRI) was closed out with an end date of March 31, 2023. This was due to the loss of the staff member being funded by the grant. The grant was to have been in place until June 30, 2023 and resulted in about \$22,000 being returned to the funder. Over the 33 months the project did operate, the District received over \$282,000 for the program. June saw the renewing of the District in the Federal System of Award Management (SAM) to maintain eligibility to apply for grants through Grants.gov and other Federal application portals. There was also a new grant opportunity to help support the adoption of AB 133, CalHHS' Data Exchange Framework. This is being reviewed by the Executive Team for further direction to my office. Administration and maintenance for all other current grants is ongoing.

### **COMMUNITY OUTREACH:**

Dr. Meredick. Cori Stearns and James Nichols at the Stryker Mako booth at Mule Days. *Photo by Barbara Laughon/Northern Inyo Healthcare District* 

Bishop Mule Days Celebration: Ten NIHD team members joined orthopedic surgeon Dr. Richard Meredick at a fairground's booth during Bishop Mule Days, May 25-28. Stryker and NIHD designed the booth to spotlight the Mako SmartRobotics™ system for Total Knee Replacement. Stryker covered costs and staffed the booth Thursday and Friday. NIHD team members handled the booth Saturday and Sunday. Those volunteering their time from TeamNIHD included Tammy Anderson (Perioperative), Greg Bissonette (NIH Foundation), Brittney Cooper (Acute-Subacute CNA), Michelle Garcia (Quality), Rosie Graves (RHC), Barb

Laughon (Strategic Communications), James Nichols (Purchasing), CNO Allison Partridge, Cori Stearns (Admin), and Terry Tye (Cardiopulmonary). Dr. Meredick actively engaged people curious about the SmartRobotics process. Stryker and NIHD estimate team members spoke to more than 200 people about this service line. This event led to a more localized Healthy Lifestyle Talk presentation (see below).

Healthy Lifestyle Talks: These free, monthly sessions highlight our services while addressing commonly asked healthcare topics. NIHD has presented these talks for the past eight years:

### June: Advancements in Treating Joint Pain

Presenters: Dr. Richard Meredick gave an inperson presentation Attendees: 25

Note: We profession-

ally recorded this presentation with the intent to share not only on YouTube and promote on Social Media, but to have posted to NIH.org for those specifically considering this surgery.

July: Back to School

Presenters: Pediatrician Dr. Lindsey Ricci, C-PNP Collen McEvoy and others

Date: TBD

**Podcast:** *NIHD's Mountain Medicine* podcast launches the day of this board meeting. We overcame some technical issues and you should find completed sessions by Drs. Stacey Brown, Jeanine Arndal, and Bo Nasmyth Loy live, with sessions by Drs. Anne Goshgarian and Anne Wakamiya on tap for delivery. Drs. Stefan Schunk, Richard Meredick and Adam Hawkins will participate as well.

**Graduation 2023:** NIHD lent support to the 2023 Sober Graduation and recognized area graduates with an advertisement in *The Inyo Register Grad Salute*.

### **MARKETING:**

Rack Cards: Developed new rack cards spotlighting NIHD surgeons Drs. Richard Meredick, Bo Nasmyth Loy, Jeanine Arndal, Robbin Cromer-Tyler and Cheryl Olson. Hope to develop for all physicians over next few months.

Baby Massage video: Working with Occupational Therapist Monica Jones on multi-level project surrounding Baby Massage, including two short videos for parents, an educational

flyer, and advising Monica in regards to an upcoming fundraising project she would like to do this Fall.

Financial issues are limiting our paid marketing efforts, and Strategic Communication directed to rely less costly methods. Please see below for specific external communications.

### **COMMUNICATIONS:**

### Internal:

- Employee Town Hall meetings every two weeks, starting July 5
- Vitalant Blood Drive reminder
- Assisting Executive Team with light editing on internal memos as needed

### **External:**

### NORTHERN INYO HEALTHCARE DISTRICT EMPLOYEE HANDBOOK

Title: Leaves of Absence - Leave Donation				
Owner: Chief Human Resources Of	ficer	Department: Hun	nan Resources	
Scope: District Wide				
Date Last Modified: 03/09/2023		e: No Review	Version: 3	
	Date			
Final Approval by: NIHD Board of Directors		Original Approva	d Date: 10/16/2013	

### **PURPOSE:**

### **POLICY:**

It is the policy of Northern Inyo Healthcare district (NIHD) to allow employees to donate/transfer their paid leave (PDLV) or paid time off (PTO) (hereinafter "leave") to another employee who is experiencing a family emergency or personal crisis that creates a need for additional time off beyond that individual's available leave. Such donations are strictly voluntary, may occur during the first 16 weeks of a Northern Inyo Hospital (NIH) Job Protected Leave (JPL), and require the Administrator's approval.

### **PROCEDURES:**

To be eligible to donate leave, you must have been employed with NIH for at least one year preceding the leave donation.

If you wish to donate leave, you must complete a "PTO or Paid Leave Transfer" form and provide it to the Administrator for approval.

The minimum donation is 8.00 hours and the maximum donation is 40.00 hours in one pay period, as long as you retain a minimum of 40.00 hours in your own PTO account.

Donated/transferred hours will be converted to dollars at time of transfer in the following manner. Example 1. If the donating employee makes \$10/hour and the receiving employee makes \$5/hour, if all requirements are met, the donating employee may donate/transfer 40 hours x \$10 = \$400 / \$5 = 80 hours to the receiving employee. Example 2. If donating employee makes \$5/hour and the receiving employee makes \$10/hour, if all requirements are met, donating employee may donate/transfer 40.00 hours x \$5 = \$200 / \$10 = 20.00 hours to the receiving employee. In either case, the hours will be rounded down to the nearest whole hour.

Donated/transferred hours will not be returned to you.

You may only donate whole hours (i.e. 20.0 not 20.25).

You cannot borrow against future leave to donate. If you are currently on leave, you cannot donate leave.

You may donate/transfer leave to another employee during their first 16 weeks of a Northern Inyo Hospital (NIH) Job Protected Leave (JPL).

### **Additional Information**

Employees on extended leave, past their first 16 weeks of an NIH JPL, may no longer receive PTO donations/transfers.

### NORTHERN INYO HEALTHCARE DISTRICT ANNUAL PLAN

Title: District Competency Plan				
Owner: Human Resources Mar	nager	Department: H	uman Resources	
Scope: District Wide				
Date Last Modified:	Last Review D	ate: No	Version: 2	
03/22/2023 Review Date				
Final Approval by: NIHD Boar	rd of Directors	Original Appro	oval Date: 1/17/2018	

### **PURPOSE:**

The purpose of this policy is to establish a District-wide competency plan for the workforce at Northern Inyo Healthcare District ("District") so as to ensure that the competence of all employees is assessed, maintained, improved, and appropriately aligned with organizational needs on an ongoing basis.

### **POLICY:**

The District believes that members of the workforce who have the required skills and who employ the knowledge necessary to perform their District positions provide safe and excellent patient care treatment and service. Therefore, in order to fulfill the District's Mission, Vision and Values, the District will provide an adequate number of employees whose demonstrated competencies are commensurate with their responsibilities. The District will define the competencies it requires of its employees who provide patient care, treatment, or services.

The competencies are defined based on mandated requirements, new or changed procedures or equipment, low-volume/high risk or high volume/high risk and/or problem prone activities that may be identified by aggregate data. Completed competency documentation will be housed in the employee's official personnel file.

Competence is defined as having adequate abilities and/or qualities to meet each District position's performance standards. Core (or Initial) Competencies are defined as the minimally necessary abilities and/or qualities to meet the District's basic performance standards at the conclusion of the departmental introductory period.

The District uses assessment methods to determine individuals' competence for each skill being assessed. An individual (content expert/supervisor/preceptor) with the educational background, experience, or knowledge related to the skill being reviewed assesses competence.

Competency validation occurs at the time of hire and on an ongoing basis at intervals outlined by external mandates, hospital and/or departmental requirements. When there are two or more conflicting interval requirements, the District will follow the stricter mandate. Competencies are predetermined for each position by District leadership and are reassessed annually for continued eligibility.

### PROCEDURE:

- 1. Initial Competency verification at the Time of Hire. Initial competency assessment at the time of hire includes the following tools:
  - Interview
  - References
  - Primary Source verification for required credentials (e.g. license).
  - Job Qualification verification
- 2. Core (Initial) Competency Verification. Core Competency assessment post District-wide orientation and during the course of the departmental orientation can use the following methods of validation:
  - Observation by an individual with the educational background, experience, or knowledge related to the skill being reviewed whom District Leaders deem eligible to assess competence;
  - Online testing using case studies as the basis for questions;
  - National testing deemed to be reliable and valid;
  - Demonstration of required skill or activity;
  - Evaluation of documentation;
  - Documented return demonstration which may also be documented through any online Learning Management System.
- 3. Ongoing Competency Verification. Ongoing Competency Verification occurs at least annually and/or at intervals required by external mandates, District and departmental requirements including the following:
  - District annual training is required for all District employees.
  - Department specific competencies are assessed.
  - Population or condition specific competencies are assessed. Populations and/or conditions can include but are not limited to age and populations with high risk equipment or processes in place e.g., urinary catheters, IV's and transfusions and other populations as indicated.
  - Individualized competencies are assessed as identified by Leadership.
  - Items can be added or removed from the ongoing validation competency list throughout the year as determined by external mandates and/or Leadership
  - Skill and/or knowledge demonstration is a method used to determine competence.
  - Feedback will be provided to all employees who participate in competency demonstration and remediation may be offered as directed by District Leadership and employees who do not have completed competency documentation submitted to their Official Personnel File as required will not be permitted to work.
  - Employees will use the following resources as indicated for high risk high volume or high risk low volume activities when they recognize a potential gap in their skills: (a) Time out for expert consultation; (b) request placement in areas where staff competence is high; (c) practice processes or skills prior to execution; (d) use job aids as needed.

### 4. Responsibilities:

- a. District Leadership defines the job qualifications and competencies for all District positions in his/her respective areas and authorize content experts/ supervisors/ preceptors.
  - District Leaders and/or designee content experts/supervisors/preceptors must ensure their competencies are up to date and that employees meet competency requirements at least annually unless directed differently by external mandate, District or departmental requirements.

- Communication that is clear from Leader to employee is a priority to ensure the requirements under this Policy are timely met.
- Predetermine competency requirements for each position at the District and reassess continued eligibility annually.
- Maintain all completed competency documentation and ensure that it is submitted to Human Resources for inclusion in the official personnel file
- Align competency requirements across the District for the same topic in different departments/work areas. If it is recommended that a competency is required of more than the Leaders' department personnel, Leaders must coordinate these requirements with Executive Leadership before launching required competencies.
- Ensure that the competence of persons in each position are assessed, maintained, improved and appropriately aligned with business needs on an ongoing basis and periodically evaluate the overall performance of persons assigned to positions.
- Communicate information about resources to use when staff are unsure how to carry out duties during all evaluation times to all employees.
- Communicate to each employee by October 1 of each calendar year competencies to be completed by December 31 of that calendar year
- The District Leader and/or designee will determine the appropriate method/tools to validate the employee's competency within the guidelines of this Competency Plan.
- The District Leader and/or designee will determine appropriate training/re-training of the employee who does not demonstrate competence in any required area.
- b. Employees exercise professional accountability as follows:
  - Understanding what requirements are needed, scheduling/completing the requirements timely, and submitting completed documentation to their Leader on time.
  - Recognizing skills that are high risk high volume or high risk low volume for his/her practice.
  - Seeking out/implementing strategies identified within this policy to mitigate risk.
  - Notifying supervisors immediately when gaps in competence are recognized.
  - Maintaining competence in areas designated if designated by their Leader as a content expert/supervisor/preceptor.
  - Complete their own competencies, including hands on demonstration, e-learning modules and other methods assigned.
  - Any employee who fails any aspect of the competency requirements must engage in a remediation of that competency and satisfy the remediation requirements within 90 days (or other such time as designated by his/her District Leader) in order to continue District employment.
- c. Methodology. Approved methods used in the assessment of employee competencies include, but are not limited to:
  - Observation by an individual with the educational background, experience, or knowledge related to the skill being reviewed whom District Leaders deem eligible to assess competence;
  - Online testing using case studies as the basis for questions;
  - National testing deemed to be reliable and valid;
  - Demonstration of required skill or activity;
  - Evaluation of documentation;
  - Documented return demonstration, which may also be documented through any online Learning Management System.

### **PURPOSE:**

To adopt a philosophy in awarding compensation to the Hospital Chief Executive Officer (CEO), in order to attract, retain, and motivate Senior Hospital Executives who reflect the values of our District and the community.

### **POLICY:**

The Board of Directors of Northern Inyo Healthcare District desire to attract, retain and motivate senior hospital executives who reflect the values of our District and community. These individuals must be able to lead our District in the delivery of excellent patient care and service. In part, this process is accomplished by offering a remuneration package that is in line with the market as defined by peer comparable hospitals in size, mission, scope of operations and locale. Therefore, the Board uses the Allied for Health Services Executive Compensation Report for District employee pay range determination. Within that range, which is reviewed and reset every two years, the Board sets compensation based upon training, experience, successes, and impact as measured against established goals for the organization and the senior executive.

Once hired the Board continues to annually, (or more often if needed) assess the performance of the CEO in achieving set performance goals. Based upon the results of the review, the compensation may be adjusted: but will never exceed the upper limit of the pay range determined in the Allied for Health Executive Compensation Report. Furthermore, the benefits package will be consistent with what is offered to non-union District employees.

Additionally, we ensure the approval of the CEO's compensation is first proposed by a subcommittee of the Board of Directors and that this subcommittee is composed of individuals without a conflict of interest. The full Board then has final approval of any pay rate before it goes into effect.

Final Approval by: NIHD Board of Directors		Original Approva	l Date: 05/16/2018	

**PURPOSE:** Establish policy and procedure process for Authority for Contracts and Bidding.

### **POLICY:**

Northern Inyo Healthcare District (NIHD) shall comply with the requirements of California Health and Safety Code Section 32132, which set forth competitive means bidding requirements. "Competitive means" includes any appropriate means specified by the Board of Directors (BOD), including, but not limited to, the preparation and circulation of a request for a proposal to an adequate number of qualified sources, as determined by the BOD in its discretion, to permit reasonable competition consistent with the nature and requirements of the proposed acquisition.

When the BOD awards a contract through competitive means, the district's requirements, as determined by the evaluation criteria specified by the board. The evaluation criteria may provide for the selection of a vendor on an objective basis other than cost alone.

### **PROCEDURE:**

- 1. NIHD "shall acquire materials and supplies that cost more than twenty-five thousand dollars (\$25,000) through competitive means, except when the board determines either that (1) the materials and supplies proposed for acquisition are the only materials and supplies that can meet the district's need, or (2) the materials and supplies are needed in cases of emergency where immediate acquisition is necessary for the protection of the public health, welfare, or safety." (Ca. H&S Code Section 32132)
- 2. This bidding process "Shall not apply to medical or surgical equipment or supplies, to professional services, or to electronic data processing and telecommunications goods and services. Medical or surgical equipment or supplies includes only equipment or supplies commonly, necessarily, and directly used by, or under the direction of, a physician and surgeon in caring for or treating a patient in a hospital." (Ca. H&S Code Section 32132)
- 3. "Bids need not be secured for change orders that do not materially change the scope of the work as set forth in a contract previously made if the contract was made after compliance with bidding requirements, and if each individual change order does not total more than 5% (five percent) of the contract." (Ca. H&S Code Section 32132)
- 4. The professional services to which the bidding rules do not apply include those of persons who are highly skilled in their science or profession; persons such as Attorney At Law, architect, engineer or artist; and persons whose work requires skill and technical learning and ability of a rare kind.

5. The hospital administrator or designated staff shall mail notice of the action or decision to the affected applicant or medical staff member within the time specified in the applicable bylaw or rule.

### NORTHERN INYO HEALTHCARE DISTRICT POLICY AND PROCEDURE

Title: Basis of Authority: Role of Directors			
Scope: Board of Directors	Manual: BOD Policy Manual - Administration		
Source: Board of Directors	Effective Date: 04/18/18		

**PURPOSE:** Establish governing Board of Directors (BOD) best practices and Director's roles.

### **POLICY:**

- 1. A Director of Northern Inyo Healthcare District (NIHD) is to be conscientious and concerned with all aspects of the district including its financial health, community needs, quality of care, employee relations, and compliance with the law.
- 2. A Director must act in good faith, with the highest ethical standards, in the best interest of the organization.
- 3. A Director must act in a manner consistent with the Board's stated mission and bylaws and conduct their activities within the powers conferred upon them by federal, state, and local regulations.
- 4. A Director must work to ensure the District Missions, Vision, and Values are the center of decision-making.

### PROCEDURE:

- 1. Apart from their normal function as part of the NIHD BOD a Director has no individual authority to commit the District to any policy, act, or expenditure, unless the BOD takes specific action to grant such authority as to a given matter.
- 2. The NIHD BOD primary responsibility is the formulation and evaluation of policy. Directors are responsible for monitoring the District's progress in attaining goals and objectives, while pursuing its mission.
- 3. Routine matters concerning the operations aspects of the District are to be delegated to the Chief Executive Officer of NIHD.
- 4. While the BOD is responsible for monitoring hospital management activities, a Board member shall not use inappropriate involvement in day-to-day management or interfere with senior management duties.
- 5. A Director shall not compete with the district or act on behalf of its competitors; not derive profits from inside information; not disclose confidential information; not accept improper payments or gratuities, and beware of potential conflicts of interest.
- 6. A Director has protection from organization and personal liability when their duties are exercised in good faith and legally using sound and informed judgment. Having all the information available to make a decision will not only increase the likelihood of making the right decision, but will go a long way to legally protect the BOD if they make a wrong one.
- A Director is expected to become and stay current on District affairs and projects and become familiar with District financial reports and carefully review all materials in advance of Board Meetings.
- 8. A Director is expected to become familiar with the Ralph M. Brown Act and at all times conform to its policies and regulations.
